man can commit suicide in more ways than one. He can let his sickness kill him. If he is losing fiesh and vitality, he can let it go on till he dies—it won't be long.

Many men hesitate to take medicine. They forget that sickness merely shows the body's need for some material that is lacking in the food. The right medicine supplies this want. Dr. Pierce's Golden Medical Discovery is the right medicine in nine cases out of ten. It soothes the nerves and makes them strong and steady. It furnishes food for the brain. It helps to digest what is eaten and assists in the assimilation of nutriment. It perfectly purifies the blood and fills it with vitalizing properties. It is the one great and infallible medicine for men and women whose nerves are out of order, who are losing flesh, losing sleep, losing vigorous vitality. It brings back health and strength with marvelous rapidity. It has been sold for over thirty years, and has a record of many thousands of cures for every year—a record unapproached by any other medicine in the world.
